Peg • a • sus — A winged horse, who is the son of the Greek god Poseiden of the oceans and the Gorgon, Medusa. He is known as a wise horse who is an inspiration to all the great poets. The Pegasus always strives to be the best.

Just as Pegasus reached for excellence, so do the students and faculty of Central High School. We are continually rising above the obstacles and situations that we face in our day to day lives. Our school motto is, "We lead." And we always have; in academics, military training, sports, and the arts. Central has a long tradition of excellence, and we the students uphold that tradition.

On the wings of success, Central High School attains supremacy and soars "above the rest."

A SPECIAL "SOAR" — T OF PEOPLE

Through the halls of Central High School roam a great variety of people. Regardless of how different we are, all of us share a common factor. The building we attend is like any other school, but it is the students who make it so special. Students here agree upon the uniqueness of the school. One junior, Tosh Anderson, thinks Central is special because," There is a lot of diversity here. It is a smaller version of the world outside of school."

Central's students outdo the other schools when it comes to expressing individuality. Whether it is through the styles of clothing we wear or the hairstyles we flaunt, it is obvious that Central has an abundance of special people!

"SOAR"ry, Dad!

Bad grades; who needs them? We don't always intend to make bad grades, but we all seem to get our share of them. Just think; if we never failed at something, our lives would no longer be a challenge — (that's a good line to hand your parents!)

How did you feel when you found out that you had failed a class? Many of you were, "disappointed because I knew I could have passed, but I didn't use my time wisely." Some adopted the old sour-grapes attitude; "Man, that course was useless anyway." Then there's the ever-popular, "Oh, I can take it next year."

A bad grade once in a while is inevitable, right? But you can only have so many sunrises, as they say, and if you keep putting off what you can do today until tomorrow, you will find that you have run out of tomorrows. What's most important is that you try your hardest, learn from your mistakes, and go on. If you achieve today, you will be able to achieve in the future.

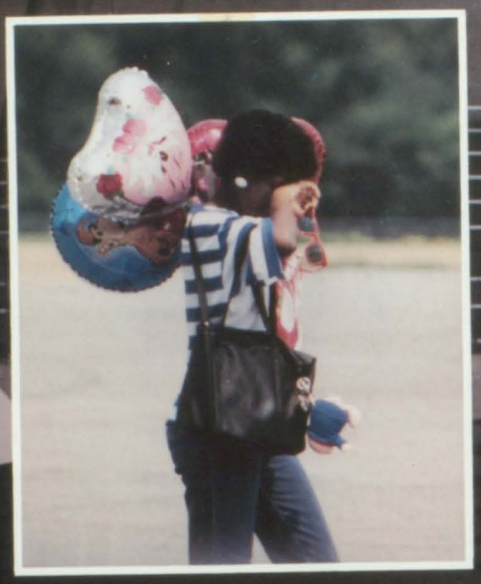
CLASS

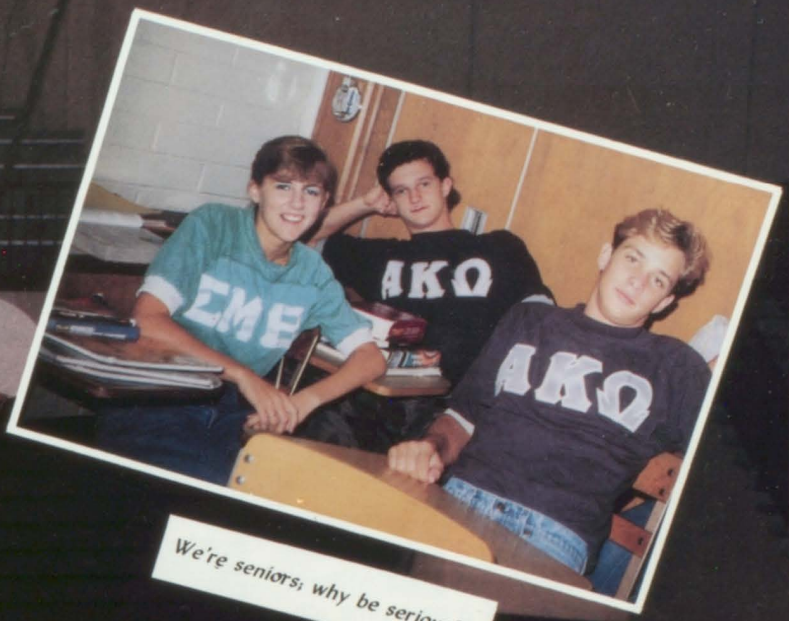
It's our time to cut loose!



Leaving our friends will be sad, though.

OF 1988

One may never return to childhood, but he may always refuse to leave.



We're seniors; why be serious?!

Soar ta working

1

Being a student at Central High school is complicated enough without having the burden of a part-time job, but (fortunately or unfortunately), some of us at Central do hold down various jobs. A junior here expressed her feelings about having a part-time job; "It gets monotonous, and interferes with study time — and social time, too!" A majority of the working seniors said, "It's a fact of life, I've got to work to have spending-money", or, "It's a great way to learn what your abilities and goals are. You learn how to be responsible."

2

The jobs that Central's students hold are extremely varied. On a Friday or Saturday night, you can see practically every employed Central student at his or her workplace. These places range anywhere from movie-rentals to theaters to clothing and grocery stores.

Students often apply for jobs because of pressures from parents or friends to,"Be responsible", or, "Start making some money of your own!" But the main reason they apply is for extra money. This money is usually put to good use; for class rings, car payments, or Christmas presents!

Normally, it's a big hassle to have a job because of grades and school activities, but in the end , the experience is constantly rewarding. As you graduate and go out on your own, you have some practical experience and know-how with which to tackle life.

AS "SOAR"TED

NUTS

After sitting quietly in class for an hour, the long-awaited bell rings and we all jump to take advantage of our precious seven-minute "break". During this time, we find some self-appointed entertainers of the student body. Everyone secretly desires to be a comedian and it is apparent that there are quite a few here at Central High School. Oh, what is it about the presence of a camera that brings out the wacky sides of our personalities?!

Music and Movies

Music and movies play an important role in the social lives of Central students. Think of the time you spend in front of a movie screen, or listening to music. There is a wide range of preferences in our choices. Some popular movies of the year were: Beverly Hills Cop II, Dirty Dancing, The Lost Boys, and Platoon. Central girls were attracted to hilarious Eddie Murphy, Tom Cruise, the adorable Michael J. Fox, and Emilio Estevez. Kim Basinger, Whoopi Goldberg, Demi Moore and Molly Ringwald captured the hearts of many male students.

We have strong and different tastes in music also (to say the least). Popular groups were U2, Whitsnake, The Fat Boys, R.E.M., and LL Cool J. Special songs hold memories for many of us, and others are just easy to relate to. Some of these include "Gonna Have a Good Time Tonight" by INXS, "With or Without You" by U2, "I Need Love" by LL Cool J., "Wipeout" by the Fat Boys and the Beach Boys, and Whitesnake's "Here I Go Again."

The Actors . . .

Here's looking at you, Michael.

Eddie — the "chosen one".

The Actresses . . .

Molly Ringwald is always "Pretty in Pink".

Whoopi says, "Like, fur shur — WOW!"

Patrick Swayze and Jennifer Grey in Dirty Dancing was a favorite.

The Movies . . .

INXS is having bad dreams.

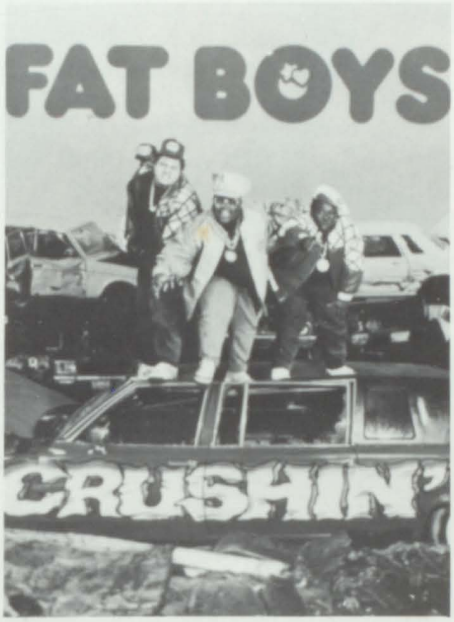
The Groups . . .

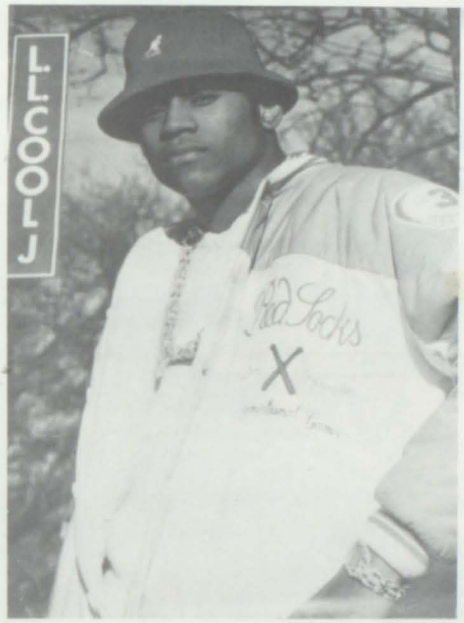
Whitney Houston "has it all".

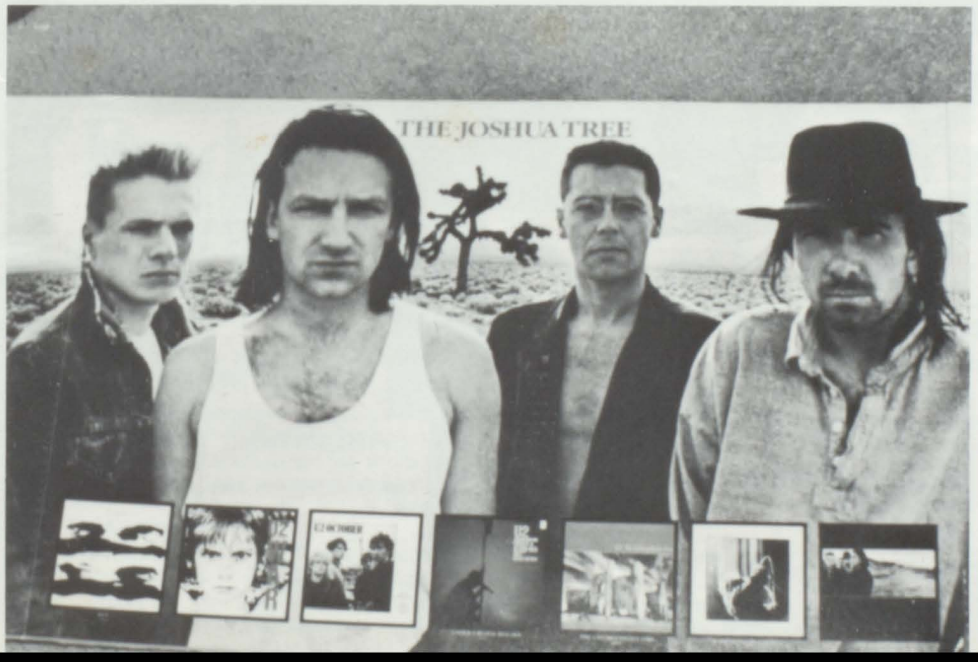
Here we go again with Whitesnake.

The Fat Boys meet the Beach Boys — but not to surf!

LL Cool J needs love.







The Songs . . .

"With or Without You" 2.

This year, the news has been full of triumphs and tragedies, scandals and schemes. Events such as the Iran-Contra affair,the U.S.S. Stark disaster, numerous plane crashes, and America's involvement in the Persian Gulf are among the happenings that grabbed America's attention. Despite these occurences, America's spirit has been uplifted. Scientists are coming closer to finding a cure for rapidly-spreading and deadly Aids, and we all celebrated the 200th anniversary of our own constitution in grand American style. America is a few steps closer to "peace" with Russia, and great efforts on America's part have been made to help others in times of need.

1987-88 has definitely been an eventful year for the United States; one which we will certainly remember.

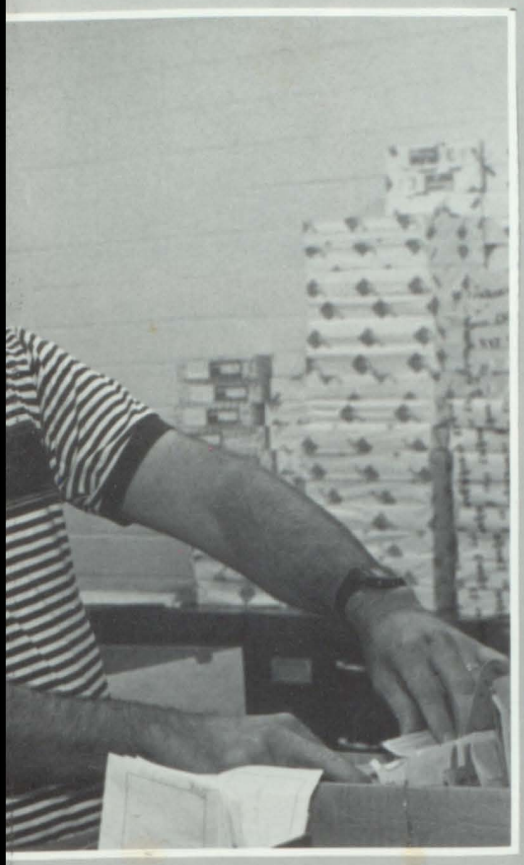
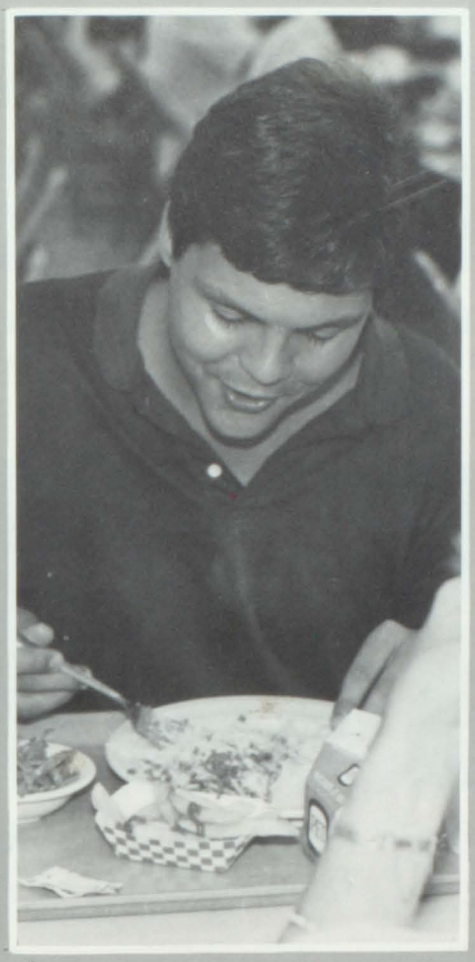
FACULTY





4

The time has come to pay tribute to our faculty and staff at Central High School. Think about it — where would all of us be without the help and guidance of our teachers? These people have helped to make Central what it is today, a school of excellence. That was no easy task. The overcrowded classrooms, griping students, disagreements (need I go on?) have all contributed to the daily ritual at Central. You, the faculty and staff , have pulled us through the thick and thin, and we just want to say, "THANKS!"

FRESHMEN

The freshman class this year had to face being the "new guys on the block". They had to face the embarrassment of bounding into the wrong classrooms, the confusion of dealing with floating teachers, or mistakes in their schedules. It was also hectic, going to classes in two different buildings; complains one freshman, "From A to B in seven minutes? No way!"

Also endured by the freshmen was the harrassment of the upperclassmen, and as another put it,"Being made to feel like the scum of the earth." However, the 9th graders did enjoy being in the senior high and meeting new friends. By the end of the year, they were looking forward to being sophomores and breaking in the next freshman class!

SOPHOMORES

Well, it's your second year of high school, you're " 'bout goofy", and some aspects of school may be looking rather bad. All of you have probably realized by now, from your marvellous experience in the 9th grade, that carrying all those loaded down book bags between the buildings is a "pain in the . . . neck!" So what did you do this year but get a locker? Of course, you must share it with one or two people over at Lanier A, where all of the lockers are stuck in classrooms. That makes it loads of fun for everyone, especially the teachers who are breathing down your neck!

As said by one sophomore,"Get real!" All those books, all that mess . . . it seems hopeless! Chaos will rule Central until the end. There is some hope, though. Hope such as,"I HOPE I pass this year", or "I HOPE I'll have lunch at Lanier B". Maybe this is you,"I HOPE I have a top locker at Lanier B of my very own next year."

You may be disheartened by all this, but I'm here to tell you that it does get better; you just have to stay alive and keep on "soaring above the rest."

5

1. Robert Green surveys the Lanier B campus.
2. Brandi Boyd and Kim Fordham have dreams of better food.
3. Now, the bell has not rung yet — don't pack up!
4. Stacy Clayton is caught almost unawares during the pep rally.

JUNIORS

1

Being a junior is one of the joys of high school. As a junior, you're in the middle. You could just sit back , relax and enjoy life, but being a Central Jamming Junior takes a bit more. Central juniors are well-known for their school spirit and for the enthusiasm that they have. They are also one step closer to senioritis!

We interviewed several juniors and asked them what it meant to them to be juniors at Central High School. The first response that we got was,"We are the future and we are what will make the world of tomorrow" Other responses were that being a junior is GREAT; and not only is it great, but it's rewarding.

The junior class here is well-respected and very chic; we're at the "head of the class". We're soaring above the rest.

1. Ron Woodford, Shannon Webb, and Jennifer Keith; "We're just here for the pose!"
2. Another amazing balancing feat from David Lystlund.
3. A big "thumbs up" from Elaine Neal.
4. Are we paying attention in class? No, I don't think so —
5. Hello-o-o-o-o down there, Linton!

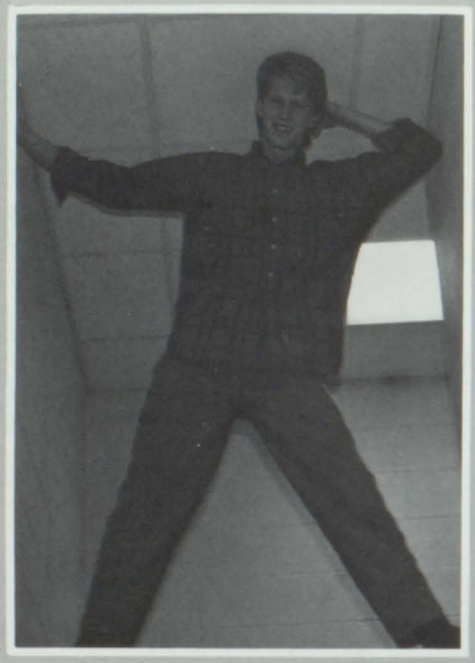
My last year! How many times during the year do you hear a senior say these words? True, it is our last year of high school, but it's also the very beginning of a totally new life. When we leave the school we have become so fond of, we will also be leaving behind the friends and teachers who made our high school lives memorable. But we'll always have the memories. Even though we won't be attending Central, we'll keep these memories of the fun we had with our friends close to our hearts forever.

Many of us are uncertain as to what the future holds, but we do know that the things we have been taught at this school of excellence will help us to endure the tough times. Here, we've been through good times and bad; we know we can be ready for anything, and can make the most of our lives.

We the seniors have only climbed a small part of the ladder of life. Remember where we came from, and that now is the time to climb to the top . . .



2

1. "Mumkin gives a whole meaning to looking over your shoulder," says Kendra Ferraro.
2. Allan Bass raises the roof.
3. Senior Elizabeth Stafford shows everyone what Charger spirit means.
4. Being a senior is a good reason to smile, at least Susan Wilder and Jenny Clark think it is.
5. "Don't try that line on me, Harry!"

Superlatives

Tracie Center

The 1988 Senior Superlatives are surely soaring above the rest. The Superlatives this year are definitely deserving of the name.

Each person was required to have a 2.75 G.P.A. and participate in numerous activities during his high school career. Not only should a Central Superlative be well-rounded and have respect for the school but must be a leader and magnify his school's name; as the motto expresses, "WE LEAD".

Senior Selections

1

Senior Selections have become an important tradition for the graduating class of Central High School. The selection process began with the nomination of students in eight categories. Senior students nominated their fellow classmates in the areas of best dressed, most athletic, friendliest, best all-around, most spirited, most popular, and most likely to succeed. A boy and girl were nominated in each category.

Following the nominations, the actual voting took place. The top nominees in each category were presented on a final ballot. The students seen on the following pages were chosen Central's 1988 Senior Selections.

1. MOST LIKELY TO SUCCEED
   Bobby Lewis and Stephanie Sanderson

2. MOST FRIENDLY
   Joey Rodgers and Natalie New

SMILE, SENIORS!
YOU'RE ON
CANDID CAMERA!

Belonging to a club is an important addition to high school life. Central has an organization for everyone, from Red Cross to Black History and Culture to Students Against Drunk Driving. Just keep turning these pages and take a look at the activities we have to offer, and give one of the clubs a try! You'll have fun with friends AND be a part of valuable, worthwhile projects.

Reserve Officers Training Corps

When America entered the war in 1917, her utter unpreparedness at once made itself apparent. It also showed that in an emergency, the man with some military training went forward rapidly, while the untrained man had to be content in the ranks.

Major J.D. Blair was the first commander to be procured by the Board of Education. He, with untiring effort, started Lanier on her course as a Reserve Officers' Training Corps.

Through the years since the adoption of JROTC at Central, it has been the backbone of this school and its participants' leadership and responsibility have given Central an excellent reputation.

"The 1987-88 military year will go down in the annals of Centrals' history as a very great year because we as cadets strove to maintain the highest rating possible for a JROTC Unit. I accredit the success of our program to God's grace, the military staff, school faculty, parents, and community. Without you, we could not continue the "Honor Unit with Distinction" tradition. Thank you for your support."

CADET COLONEL ARTHUR SMITH

"Over the years, JROTC has had success in all of its endeavors. To sum up this year would just be a reflection of the performance experienced in past years. The morale and discipline is still present. However, this year was special and simple because there was togetherness among the Battalion. I would like to commend the cadets for a very special year. That, I will never forget."

All of us have struck out at least once in our lives. We've fumbled the ball a couple of times also, but despite the bad plays, we have scored the winning run and with our variety of sport programs here at Central, we managed to "soar above the rest." The coaches inspire this idea in all the players. And so far, they have been successful. Just look at our present and past records. Central always comes out on top in the end, whether it be concerning sportmanship or just good athletics.

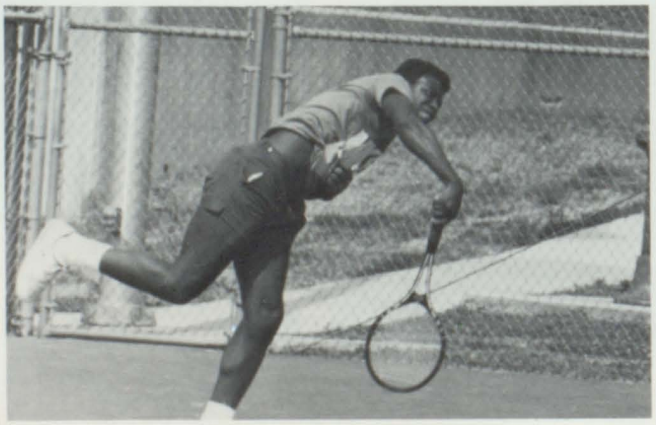
Varsity

The Central High School boys tennis team finished the 1987 season with two wins and eight losses. Although the team's final record was not outstanding, Central still had a strong team with many excellent players. Most of the matches were extremely close, and often the other team won by only a point.

According to Coach Edwards, the 1988 boys tennis team is expected to be a good one. Many of last year's players such as Hollis Pugh, Geoff Armstrong, Kevin Fussels, Jason Shields, Todd Cramer, and Scott Turner are returning. This year's team will definitely be more experienced in competing in matches and will be familiar with the other school's tennis teams, giving them a competitive edge.

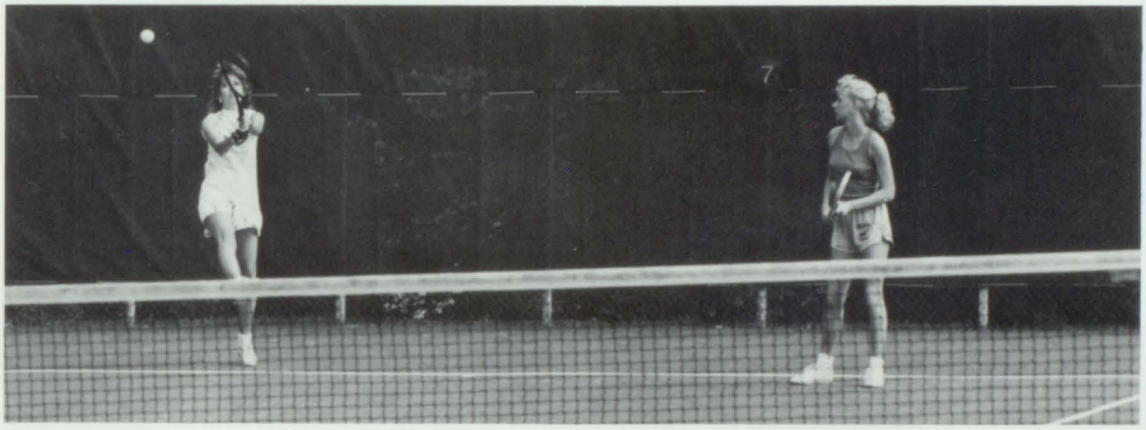


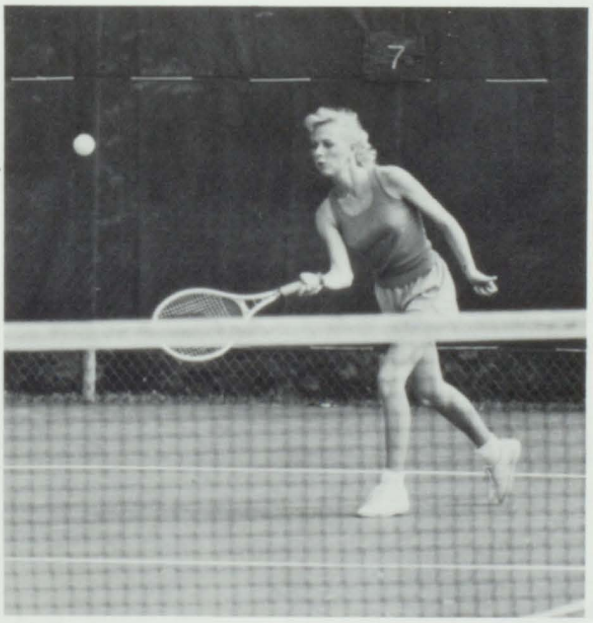
The girls tennis team at Central High School has always been considered one of the top teams at Central. The past season proved to be outstanding as Central was named City Champion. They proceeded to go to the Region AAAA tournament in Augusta and finished second. One team member, Becky Burnsed, competed in the South Georgia tournament.

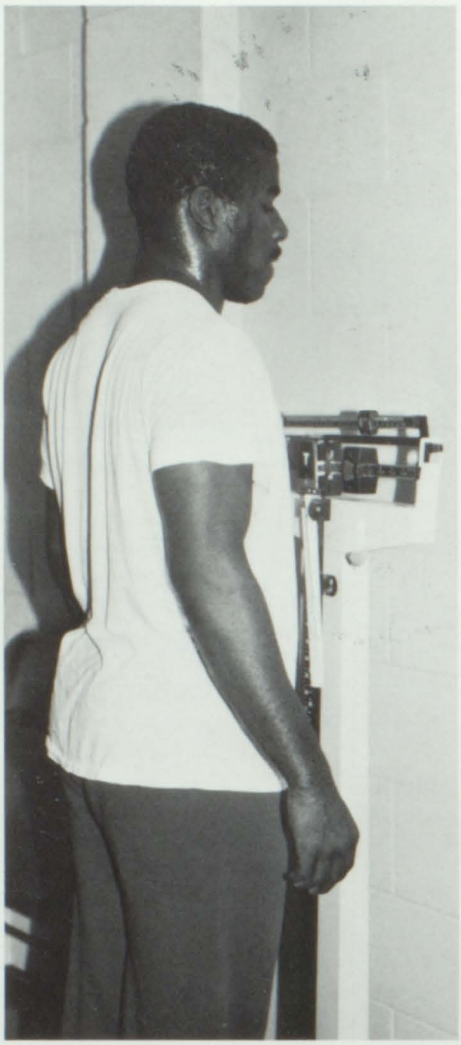
In addition to the scheduled practices, Coach Tom Simonton encouraged members to play tennis as often as possible to prepare for the meets. The hard work and dedication of the team certainly paid off as Central finished with a 6-3 record.

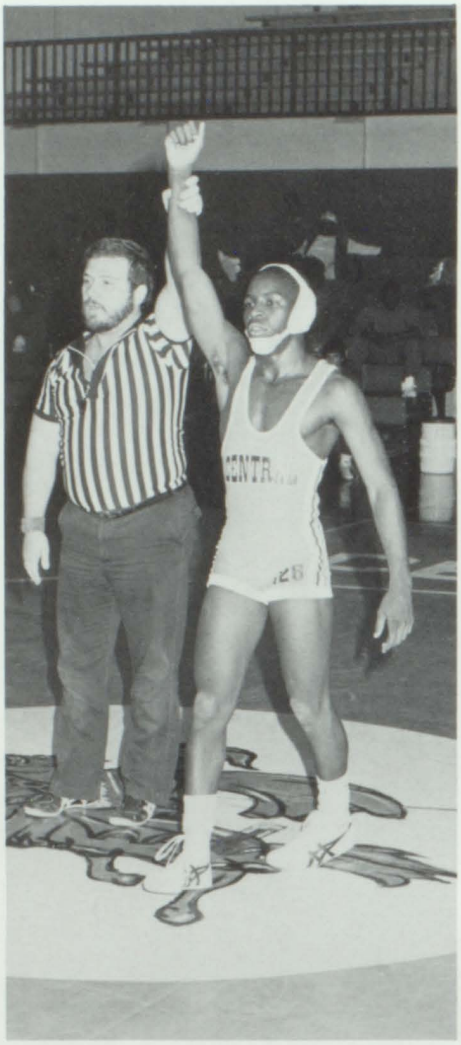
The past history of Central's girls tennis team is rather impressive. Since 1980, they have a record of 47 wins and 15 losses. Central has won two state doubles championships, one region championship, and four sub-region championships.

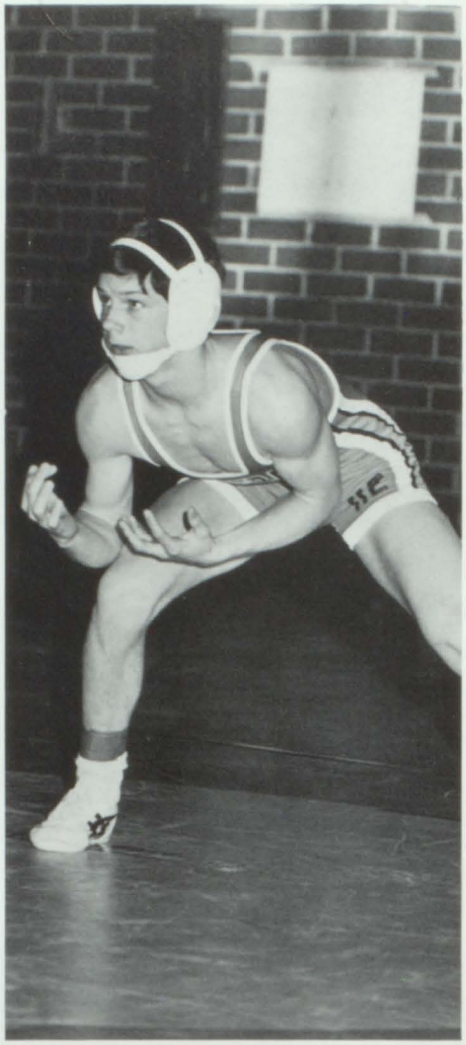
Central's girls tennis team definitely soars above the rest!









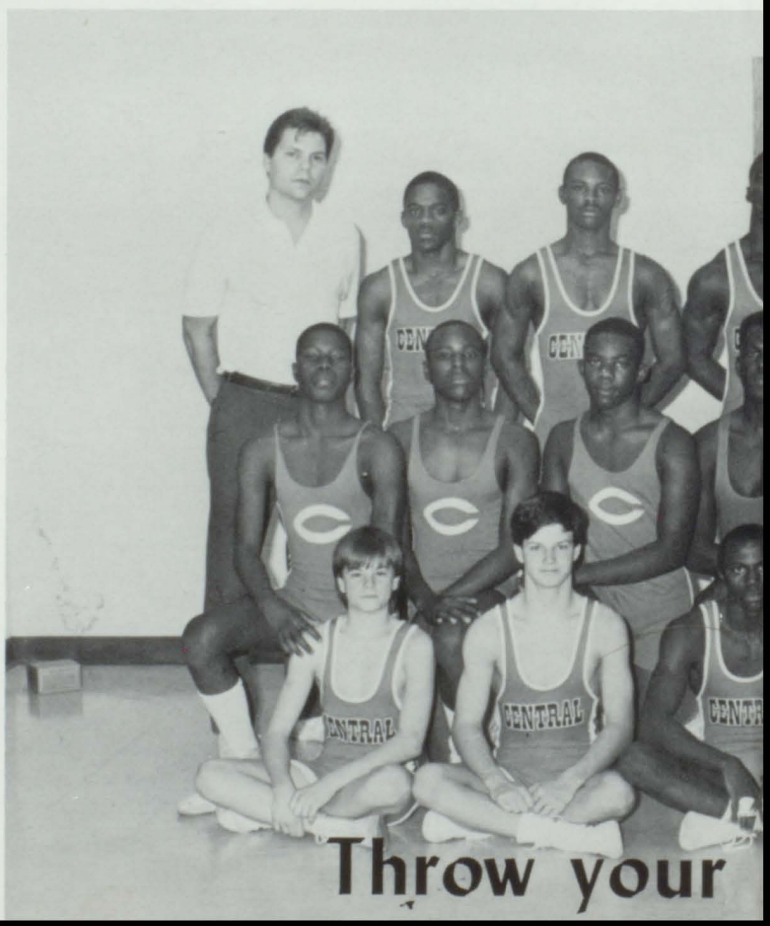


Wrestling is a sport which requires a great deal of dedication. These wrestlers don't get much recognition except for the satisfaction of defeating the opponent.

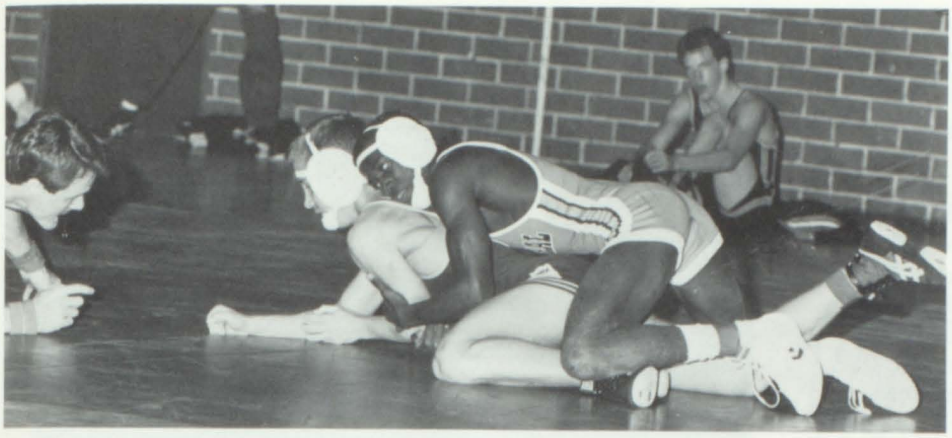
Wrestling matches consist of three two-minute periods. Both wrestlers usually start in an "up" position. In the second and third periods both wrestlers usually start down on the mat.

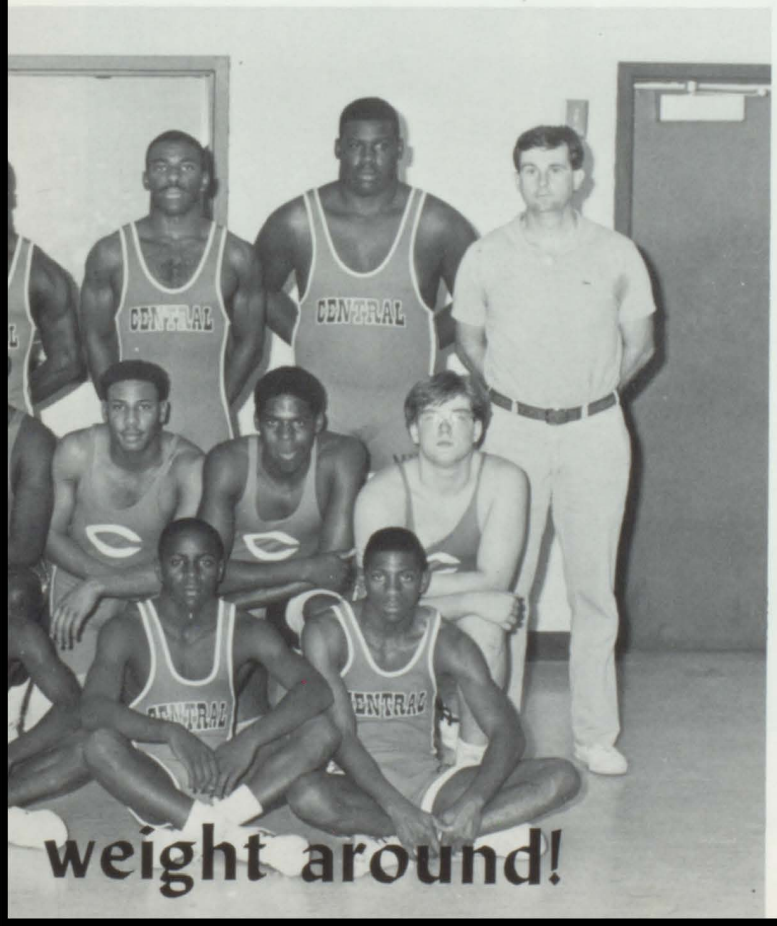
There are 22 to 23 wrestlers on the team this year and thirteen different weight classes. Coach Smith expects 7-8 wrestlers to go on to the State Tournament which is the ultimate goal. Central competes against five other teams in this region, and the top four wrestlers in each weight class move on the the State Tournament.

We're proud of Central's Wrestling Team!

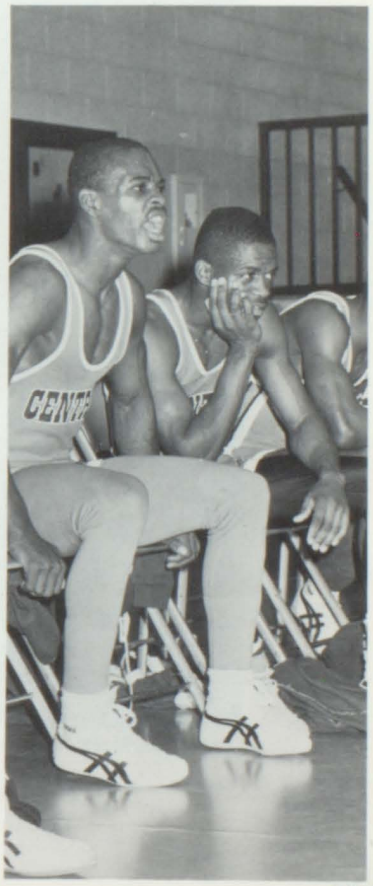


Throw your





weight around!



Central varsity boy's baseball team was ranked seventh in its sub-region tournaments last year. They averaged about ten wins and six losses. Central's pitcher Kevin Powers received the Best Player award. The school board has enforced the "no pass, no play" rule in the past few years. This means that any athlete failing to pass more than two subjects can not play in any sport in the next quarter. Coach Jones said that in spite of several poor grades having been made, he's "looking forward to this year."

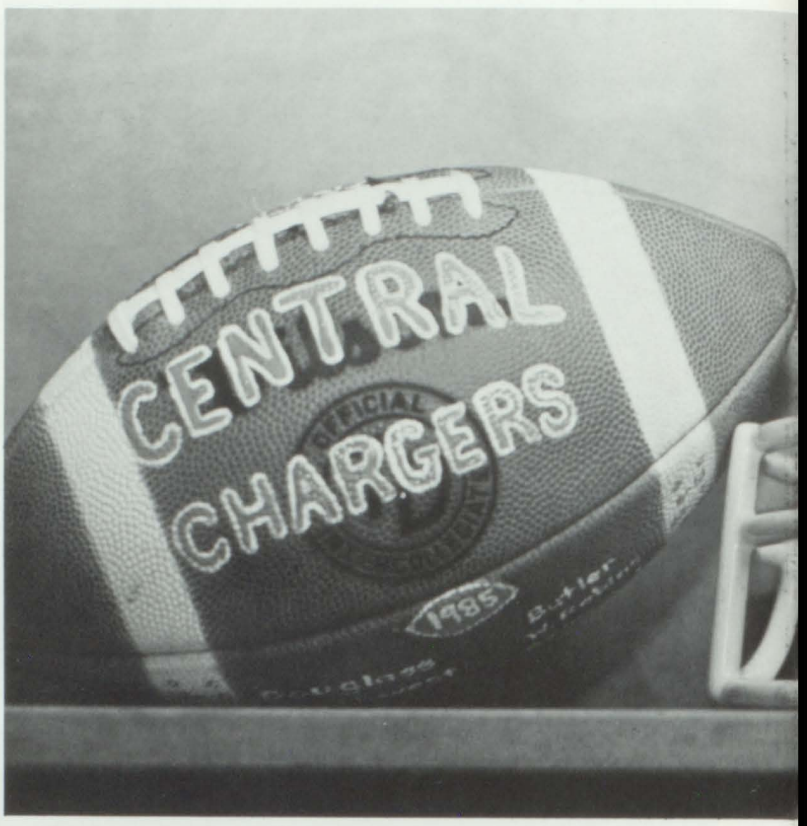
"SOAR"ING THROUGH THE GOAL



At the end of our varsity football season, Harry Thompson interviewed Coach Simonton. As the coach quickly looked back on the year, he told Harry that the biggest highlight of the year was certainly when the team defeated Northside of Warner Robins with the "close-call" score of 19-18. The coach credited the win to the enthusiasm and the sense of unity among the players. However, he did say that there were some key players who did especially well and deserved a little extra recognition. These players were:

Rodney Jones — MVP of the year

Carlos Dorn — Most valuable defensive back

William Finney, Eric Glover, Michael Hartman, and Victor Griffin.

Harry asked Coach Simonton what makes a successful team — "By far, the most important element of winning is the mental outlook and attitude of the players."

As we reflect upon our past football season, we quickly begin to wonder what type of team we will have in our future. We get our best clues by taking a look at our uprising varsity players, the B-team. The yearbook staff's curiosity prompted us to interview the man in charge of the B-team, Coach Holleman. He told us that the B-team teaches the players the "pros and cons of the system." He also told us that he tries to teach the players the importance of working as a unit instead of as individuals. We asked him if there were any key players we should keep our eyes on. He suggested:

Rico Fuller Ernie Parks
Eric Calehone Reginald Cunningham
Mark Dent Rudy Thomas

He also told us that when Leonard Evans, Tarvis Newsome, and Calvin Jackson moved to varsity they made major contributions to the team.

We asked Coach Holleman if he had any words of advice he would like to express. He said, "Always try to stay in a good frame of mind and never forget to play with hustle and desire." We hope our B-team players will heed the advice and help the Chargers make our 1988-1989 season the best ever.

"CHARGING WITH THE BALL . . . "

The 1987-1988 season was especially fruitful for our 9th-grade football team. With a record of 5 wins and only one loss, the team won the city championship against the much-rivaled Southwest team. This really didn't come as too much of a surprise, however, considering that the same team won the 8th grade city championship last year. We asked Coach Jones and Coach Brown to tell us who some of the key players of this excellent team are. They told us the following . . .

Cory Smith — quarterback
Clint Bullard — running back
Derrick Hallished — lineman
Tripp Haynie — lineman

With such a successful 9th-grade team, the future of the Central Chargers is almost guaranteed success! Good luck guys!!!

The girl's basketball team has had a winning season this year. They beat Northeast, Southwest, Northside, and Warner Robins, some of Central's biggest rivals.

Some of the top players are Tashawna Davis, who averages 26 points a game, and Nichole Colvard, who averages 15 points and 11 rebounds a game. Some other key players are Hope Fordam, Leslie Collier, Nikki Glover, Demetria Spencer, and Daphne Lockett.

SNOWFLAKE '88

On Thursday, January 7, Central students and teachers were surprised by a heavy mixture of sleet and snow. The students, of course, were overjoyed with the sudden change of weather. The teachers just wanted to go home to the fireplace. The schools were finally dismissed at about 11:40 p.m. Mayhem surrounded the school in the last few minutes before the students were released. The snow and ice brought an extra holiday and a chance for students to try out their driving skills on the slick roads.

High school graduation is an important event in your life, one which you have been eagerly anticipating for the last four years. It symbolizes an ending and a beginning, an end of childhood and adolescence and the beginning of adulthood. I hope that you have enjoyed your high school years and will have many happy memories to take with you of the good times, the things you have learned and the friends you have made.

Soon you will be involved in another learning experience, college. You will have to choose a career and will be challenged with increasing responsibilities and also opportunities to grow and develop into a mature and intelligent man.

We, your parents, have watched you grow and are very proud of you. We will continue to support you with our love and concern through the years ahead.

Love,
Mom and Dad

To our Dear, Darling Daughter Carol Ann:

You will never know the joy that you brought into our lives seventeen years ago. It seems like only yesterday, but as the seasons swiftly passed and changed to years, you are suddenly a young lady.

Our hearts cherish the many special little moments we shared with you. These memories will be with us forever. When you were sad, so were we. Your disappointments became ours. Your happiness turned our sadness to joy.

Though we would like to take credit for your sweet, sweet nature we realize and are so thankful this is yours as an individual. Growing up during the 1970's and 80's was extremely difficult for children and produced many broken-hearted parents. Because of you we are happy.

Mere words cannot describe how our hearts swell with pride and happiness knowing you have successfully trod and completed the road towards your high school diploma. There are many paths leading from this point, but we're confident you will take the right one, and once again, succeed. Why? Simply because you are you.

We are saddened by the realization the next few years may find you away from us much of the time. However, be assured we will always be there when you need us.

Congratulations! May God keep and bless you. We love you, honey.

All our love forever,
Dad, Mom & Wendy

Be A Professional Model Begin Your Future Today!

Image Alive is more than a modeling school. We represent a new kind of spirit. We believe that inner beauty as well as outward beauty can only be obtained through personal goals learned and maintained through discipline. We believe that learning to know yourself can help you expand your personal goals so that you can reach dreams which are now beyond your wildest imaginations. We guide you in ways to help you discover your full inner self and outer beauty through established ethical principles.
